**July 13, 2005**

1. The meeting was called to order by Dr. Kaiser, PARC President.
2. QST article on PARC is still pending with Bob Hughes.
3. PARC location; we will be staying in our present location until at least 2007.
4. RIA Spectrum Center action is still pending. Looks like it may have to be resubmitted since it cannot be found.
5. FT1000D – the unit has been repaired and returned from Yaesu. We will be checking the unit for proper operation prior to the 9-11 special event.
6. MARS Update- Capt Low has sent a letter to ARMY MARS (Mr. Sutton) requesting status and MARS certificate for the PARC station.
7. Claude Hennessey presented the status of our 9-11 special event planning. We will invite Deanna Lutz to the next meeting to provide lessons learned from the last operation. An operator signup sheet was circulated.
8. The September meeting will be on 9/7/05 (1<sup>st</sup> Wednesday). Future meetings will also be on the 1<sup>st</sup> Wednesday at noon.
9. A voluntary collection was taken for offsetting the repair costs of the FT1000D. One hundred dollars was received which was split between Dr. Kaiser and Mr. Lipp since they paid for the repairs.
