

Minutes
Pentagon Amateur Radio Club
May 11, 2005

1. Dr. Kaiser, president PARC, called the meeting to order at 12:00 PM

The 8 club members in attendance were: Uldis Adamson-N4TE, Tejis Daya, Doug Donnell-KD4MD, Paul Esch, Claude Hennessey-KG4TVN, Eugene Kaiser-KI4BUI, Hugh Katz-K3HU, and Terence Wise.

2. Mr. Hughes was unable to attend and:

- Report the status of the draft article for submission to QST
- Present the design for the Club's new QSL cards

3. Dr. Kaiser will make an appointment with the FEMME Corporation concerning FEMME's possible sponsorship of the Club's 9/11 Special Station Event

4. Dr. Kaiser gave a completed DoD Space Requirements Data Part I Summary, Form 1450, to Mr. Weiss along with correspondence from Mr. Esch recommending relocating the Club's station adjacent to a new radio room in order to gain permanent access to the roof antennas via the radio room's coaxial feeder system.

5. Antennas:

- Tower sections are needed for roof installation. Members were requested to check ham fest availability.
- Mr. Paul Esch will check whether Captain Richard's VHF/UHF vertical antenna arrived at the warehouse. WHS's permission may be necessary. One possible location would be the same site that the original antenna was located – permission may not be necessary since the old antenna was inventoried prior to renovation of the roof.

6. Update: The Club's FT-1000 will be returned to Yaesu for the third time due to problems with the transmitter and audio

7. The Club will sponsor the 9/11 Pentagon Special Event Station again this year. Mr. Claude Hennessey agreed to chair the committee with assistance from Major Ray Motley. The committee will be requesting help from all club members to make this a successful operation.

8. Mr. Doug Donnell will put pictures of last year's 9/11 Special Station Event on the Club's webpage.

The next meeting will be June 08, 2005 at Noon in the OSD Conference Center, 2C554
